

16.2.17 The Police Station

When me and my friends visited the police station, we ~~found~~ two police women who told us about how police are here to serve and protect. We met Mrs Swan's husband Sergeant Swan. I didn't ~~even~~ know that the police watched us on CCTV cameras. My favorite part was seeing the police women.

My Police Station visit

my experience at the Police Station was interesting
I learned lots of things to do with police - I learned
people who commit crimes get locked up in the station.
people who are locked up get food and water like normal
and also are tended to if they have medical needs.
my favorite part was locking the staff in the police
van.

I really enjoyed my visit.

The police station visit
We met Michelle the Police Lady at
the reception. Next we had a look
at the CCTV cameras of Berwick High
street. It was amazing. I thought
that the cells were a lot bigger
than I thought they would be. My
favourite bit was finding out that
the recording room was soundproof.
I really liked meeting Sergeant Swan
and putting our teachers in the Police
van. by Nicole Telford the Grove School.

16/02/17 Visiting The police
Some of Oak Class went to visit Berwick
Police Station in the town centre. We
met Mrs Swans husband and some other
Police members too.
