

Maple/Willow  
Habitats and Living Things  
Spring Term 2020

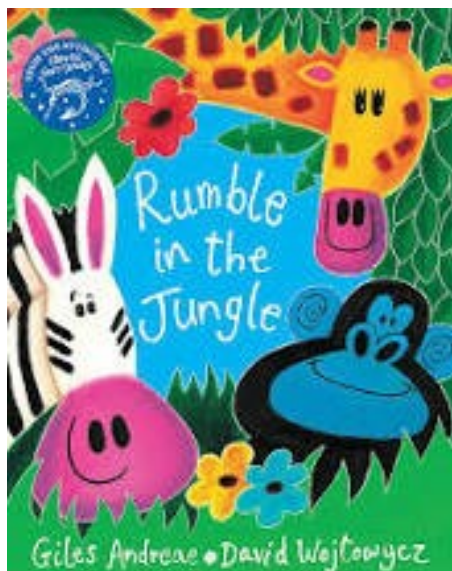

The children will all make progress within their Individual Learning Intentions which will be set and monitored by school staff and the multi-professional team

The Learning about habitats and living things will be Inspired by reading these two books.

The children will develop hand function skills in Art and Design and create displays of work

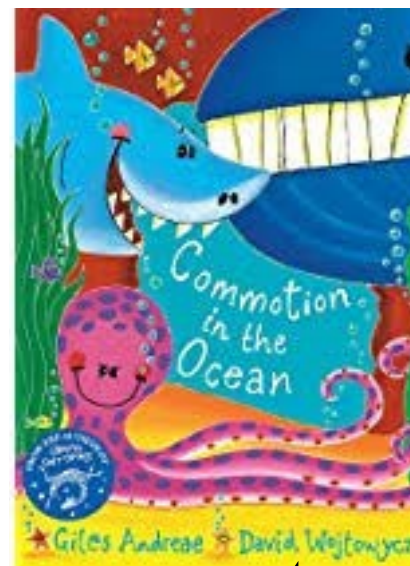

The children will listen to and create music from both habitats

The children will visit locations which emulate the experience of being in these habitats e.g. the beach, zoo or safari park etc.

Each week all children will complete session in :

- Hydrotherapy
- Swing Therapy
- Outdoor Learning
- Wheelchair dancing
- Food Technology
- Art and Design
- Music Therapy
- Visual Skills or Tracking

The children will develop their Gross Motor skills in drama, movement And wheelchair dancing

The children will experience and develop knowledge of habitats in Outdoor Learning

The children will develop their individual means of communication which may include using Makaton, Etran, Eyegaze and auditory scanning

The children will develop skills using technology including using switches and Eye gaze
