Dear Staff and pupils

Thank you so much for the amazing £230.00 that you raised for the food bank. We continue to support residents of Berwick and the surrounding area and your donation will enable us to top up fresh items like butter, bread and eggs.

This year has been busier than ever and we can only provide this service through the generous support of our community. The difference a food parcel makes is huge, not only does it feed a family or individual, it also allows us to give additional support to our community.

Our mission is to ensure that we not only feed people in food poverty, but also endeavour to assist in tackling the root problem that brings people to the food bank.

Thank you once again for your kind support.

Yours sincerely

Becci Murray
