Overall Effectiveness

The Grove School continues to be judged as 'Exceptional' for overall effectiveness. The quality of Teaching as observed by the School Improvement Partner, Headteacher and Senior Leadership team are judged to be 100% 'Exceptional', as evidenced in the Headteachers report and feedback forms to staff.

Assessment is an 'Exceptional' strength of the school, the school can share with its stake holder's pupils on entry data, through the data analysis report, it is then able to articulate through the same report and in partnership with the governors how many pupils make outstanding progress within The Grove School, in line with the school's policy and ethos. The individualised nature of planning for each child means that their Individual Education Plan files are case studies of their progress over time.

Behaviour throughout the school is consistently 'Exceptional', the pupils in the school all have complex needs and there are many challenging behaviours associated with these needs but through a consistent approach and positive encouragement the pupils behave extremely well, as judged by governors, visiting professionals and our School Improvement Partner.

All areas of the school have consistently been judged 'Exceptional' by the School Improvement Partner.

Safeguarding is a strength of the school and was judged outstanding in our previous Ofsted report and remains so, our safeguarding audit shows that there is only one area for development and this is sourcing supervision for the safeguarding team, we are in the process of trying to source this.
