We acknowledge that under the standard terms and conditions for the employment of teachers there is no legal duty for them to administer or to supervise a child taking medication.

Administration of medicines by any member of the school personnel is undertaken purely on a voluntary basis and individual decisions will be respected. However, appropriate training will be provided before any member of the school personnel who has volunteered and accepted this role to be familiar with all administration of medication procedures.

Medicines will only be administered that have been prescribed by a doctor or some other authorised person and where it would be detrimental to a child's health if the medicine were not administered during the day. Non-prescription medicines will not be administered by staff, but parents/carers can make arrangements at lunch time to administer the medication to their child.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.
